DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Drawings

2. The drawings were received on September 26, 2005. These drawings are hereby approved.

Specification

3. The abstract of the disclosure is objected to because it does not avoid using legal phrases normally reserved for claims (i.e., "comprising"). Correction is required. See MPEP § 608.01(b).

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1 through 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

Claim Rejections - 35 USC § 102

6. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 3744

7. Claims 1 through 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Eaton Corporation (EP 0 785 379 A2, made of record via IDS).

Eaton Corporation discloses a transmission cooling system essentially as claimed, including connecting lines 56 and 60.

The reference thus reads on the claims.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
